

Future Diabetes Treatment Begins with You.

Volunteers Diagnosed with Type 2 Diabetes Needed.

Profil Institute for Clinical Research is looking for volunteers diagnosed with Type 2 Diabetes to participate in ongoing clinical research studies evaluating investigational drugs.

In order to qualify you must be:

- At least 18 years old
- Diagnosed with Type 2 Diabetes
- Currently treated with Insulin
- Able to travel to Chula Vista

Overnights may be required and compensation between \$500 and \$3000 may be available and varies according to current clinical research studies.

Call Profil today for more information on our current ongoing clinical trials.
